## **1. CEO's Desk**

Dear Well wishers of Vidya Poshak,

A decade of service with respect to our mission! National Education Society (NES), Shimoga, joined hands with Vidya Poshak in starting a new Graduate Finishing School at Shimoga. This confirmed our belief of spreading our mission through the like minded partner organizations. Now the total number of partners is eight. Way back in 2008 we resolved to reach out to more students through like minded partners. Now it is a reality. Thanks to all our partner organizations for spreading the mission of Vidya Poshak to new areas.

I am extremely happy to share that Vidya Poshak was nominated for "Apeejay India Volunteer Award" in the category of Volunteer Involving NGO of the year.

"School Leadership Development Program" (SLDP), a new initiative was launched. SLDP aims at readying the school head teachers with leadership qualities. The program covers seven northern districts of Karnataka. Vidya Poshak acts as a resource center for the program. Thanks to Azim Premji Foundation, Bangalore and PPU of GoK, Bangalore.

The society arranged education loans for the economically challenged students who sought admission to the Graduate Finishing Schools. Microgram, Bangalore assisted the students with hassle free loans.

Academic performance of the students reached a new height. Discontinuation (of education of students) rate reached almost zero. All the 19 sites for Residential Camps were free.

A new software to manage database of donors helped VP to reach the donors quickly.

Unfortunately, due to resource crunch, we could not arrange the annual get-together and training for our self-less volunteers. Twenty percent of resources were raised from individuals alone, which is a record in VP. The idea of introducing "Loan scholarships" is still under planning stage. The society is planning to introduce 'online application' for applying to scholarships.

I thank all our stake holders and donors, Foundations, Trusts, Volunteers, Educational Institutions, Students, Parents and the members of staff for completing another successful year in the service of educational community. My special thanks to Supraja Foundation, Hongkong and Infosys Foundation, Bangalore for encouraging us as before.

Yours sincerely,

**Raghavendra Tikot**

CEO

## 2. Why do I support Vidya Poshak?

### My experience as a Donor.

I am a donor of the 'VIDYA-POSHAK' family since 2006-2007. I consider myself privileged to be associated with such a noble cause, thanks to one of my best friends late Mrs. Vasanthi Gouri, who was a volunteer of this organisation.

I appreciate Vidya Poshak's efforts in finding bright but economically backward students and extending financial support to them both in Professional and Nonprofessional courses. What I appreciate most is that in every case help is given only after rigorous screening process, which includes physically visiting the dwelling units of the students by trained staff and volunteers of V.P. The students keep in touch with the donors directly thro' letters giving them the detailed information about their academic progress. I was thrilled when one of my sponsor student Mr. Srinidhi Joshi informed me that he had completed Engineering and got placed in Infosys. It feels great to bring a change in somebody's life by helping them in their education. The Mission, Philosophy and Practices of Vidya Poshak ensured me that it will put my contribution to the best use. Justifying this I am proud to say that

both my sons Mr. Y. Amritraj and Mr. Y. Ashwathraj have also become the donors of this organisation.

I take this opportunity to appeal to all the beneficiaries and to today's youngsters to do their bit in Nation building by supporting Vidya Poshak for a better tomorrow.

Mrs. Rama K. Rao.

A Word of Appreciation

I am very happy to be associated with Vidya Poshak and contribute in some small measure to empower society that has given me a great deal.

I firmly believe that education is the key to all our problems. Therefore Vidya Poshak is a great effort in the right direction to improve the health of generations to come.

I applaud the yeoman service rendered by them

## **7. Nurture Merit Programme (NMP)**

In the last ten years Vidya Poshak has been strengthening student community with the following integrated services under its flagship program “Nurture Merit”.

- a. Financial Assistance
- b. Library Services
- c. Residential Bridge Camps

### **a) Financial Assistance**

Financial Assistance to deserving meritorious students from economically deprived segment of the society is the main identity of Vidya Poshak for last ten years. A brief review of last ten years can be found in the table below.

Through Financial Assistance program 11000+ students have been reached through INR 11 crores investment.

<b>Year</b>	<b>Number of Scholarships</b>	<b>Amount (Rs. In lacks)</b>
<b>2001-02</b>	<b>65</b>	<b>0.91</b>
<b>2002-03</b>	<b>128</b>	<b>24.73</b>
<b>2003-04</b>	<b>585</b>	<b>17.53</b>
<b>2004-05</b>	<b>782</b>	<b>23.41</b>
<b>2005-06</b>	<b>1757</b>	<b>59.51</b>
<b>2006-07</b>	<b>3561</b>	<b>119.02</b>
<b>2007-08</b>	<b>4267</b>	<b>189.66</b>
<b>2008-09</b>	<b>4147</b>	<b>174.51</b>
<b>2009-10</b>	<b>4203</b>	<b>167.16</b>
<b>2010-11</b>	<b>4321</b>	<b>165.06</b>
<b>2011-12</b>	<b>3359</b>	<b>171.09</b>
<b>Total</b>	<b>27175</b>	<b>1112.59</b>

For the year 2011-12 Vidya Poshak resorted to a new method of identifying the meritorious and needy student community. Experienced volunteers were nominated as **Facilitators** and they took up the responsibility of inviting applications from the deserving students from their respective locality and short-listed the eligible students. Through intensive propagation these facilitators reached out to hundreds of villages across the operational area.

Firstly the students were shortlisted based on their academic performance. Thereafter students' homes were visited to assess their need. The final list was prepared based on merit and means.

So far, the organization used to conduct "Nurture Merit Test" to decide the academic eligibility of the applicant. But in the changed scenario, applicant's performance at Class 10 Board exams itself was treated as yardstick to decide his/her academic eligibility. Under this mechanism, the students who scored 85%, 80% and 75% were or more declared as eligible to select Science, Arts and Commerce streams respectively. However, the right of selection of courses was completely left to the discretion of the students. The new examination system of 10 Board (Ex: inclusion of descriptive answers) made Vidya Poshak to adopt the new selection criteria. This new method also ensured saving of precious resources.

A Vidya Poshak scholar Shivanand Pattanshetti with his mother.

During the year nearly 5300 applications were received by the facilitators. Eleven hundred home visits were made by our esteemed facilitators through 700 villages and small towns. Finally 467 students studying in non-professional course (New entrants) were assisted with the package of programs as explained earlier. Forty five students (New entrants) who got high ranking in CET also joined Vidya Poshak.

**i. Non-Professional Courses**

During the year 2011-12, 2749 students were assisted under “Nurture Merit” multiple services for continuation of their studies in non-professional streams. This includes students studying in Arts, Commerce, Science Degree, Diploma, ITI etc. Total amount of Rs 106.47 Lakh was distributed during the year.

The average amount of financial assistance to the students studying in Pre-University course like PUC-I(11<sup>th</sup> Standard) & PUC II (12<sup>th</sup> Standard) Science, Commerce, Arts, Diploma and ITI stream was Rs.4100/- and to the students studying in Degree course like BA, B.Sc, B.Com it was Rs.4000/- (This is exclusive of amount spent on training and books).

During this academic year the support to the students studying in non-professional course increased by Rs.14.12 Lakhs and number of students increased by 57 in Renewal category. However in the newly assisted student's category the financial assistance amount decreased by Rs.25.4 Lakhs and also the number of students by 992.

**A comparison of assistance to students studying non-professional courses:**

	2010-11		2011-12

<b>Total</b>		<b>3359</b>	<b>1,71,90,989</b>

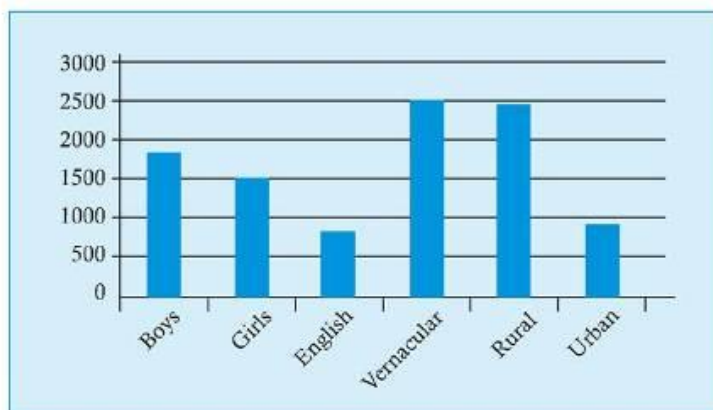

### iii. Additional Support

Like every year this year also Vidya Poshak gave additional support to some students doing well in academics under extreme situations. The additional support includes special coaching, fees of competitive examinations, like CA, CS and KAS. During this year the organization has supported 55 students with Rs. 2.40 Lakh. This year 10 students passed Common Proficiency Test (An entrance test for Chartered Accountancy).

- Focus generate the funds to purchase essential books

### c. Residential Bridge Camps (RBCs)

Vidya Poshak has been organizing Residential Camps for the student community since 2007 to bridge the skill and knowledge gap and to mould the personalities of the participant students to be active citizens of tomorrow. The efforts continued through the year 2011-12 as well, producing once again encouraging results.

Vidya Poshak till now has successfully organized a total of 82 RBCs covering 3863 students. Out of 958 students trained this year 542 and 416 were boys and girls respectively. In all 19 camps were organized in different locations. The details of the 20 camps are as below.

#### i. The Curriculum:

The 11<sup>th</sup> class students who attended the camps for the first time, learnt on leadership, adaptability, communication skills, study skills, spoken English, social values, etc. apart from getting opened up. Twelfth class students who attended 'repeat camps' learnt about various learning options after 12<sup>th</sup>, career opportunities, creativity, emotional intelligence, current affairs, analytical skills, functional English, effective presentation skills, etc. There was conspicuous improvement in this group of camps as a result of the impact of the first camp. For the degree students, the thrust was on preparing the students to face the competitive world and ultimately settle with prospective career. The thrust was also on ensuring that this cluster of students should stand out in society with their visible sensitivity towards social causes and situations. Hence, the curriculum focused around these two issues apart from reinforcing the English speaking capabilities of the participant students. Thus the students in these camps, learnt aspects of resume writing, interview skills, group discussion, active citizenship, human rights, career and job opportunities, disaster management, interpersonal relations, corporate

etiquettes, and current trends in the job market. For experiential learning, these students were taken to various industries, organizations and factories for an exposure, which aimed at enabling them to get equipped for their professional life. **Art of living** classes were arranged which helped the students to manage their emotions and memory better.

#### ii. Community participation:

The year 2011-12 was extremely good with regard to the community's support in organizing the camps. Vidya Poshak received support in the form of free infrastructure and partial expenses by the locals. Lots of resource persons spared their valuable time and also shared their expertise.

#### iii. The Impact:

The camps conducted by Vidya Poshak being entirely different from the learning and teaching styles at their colleges often attract the participating students and make them engage deep in to the sessions dragging them out of their comfort zone and thus making them participative. The ambience created in the camp is quite conducive for the students to acquire new skills and express their inherent potential. The motivation to excel, the courage mustered to ask questions and seek clarifications, demystified academic tips and the much needed counseling offered have all been contributing to the improved academic and extracurricular performance of the students. The repeated theoretical and practical leadership lessons during every camp have been getting reflected in the students through increased number of occasions when the students took proactive leadership roles in real life situations.

While most of the students (60%) have inculcated news paper reading habit, many (60%) have started taking part in extracurricular activities in the college. Many have shifted their medium of study to English. Interestingly, some students have shown keen interest to pursue their career in research. This clearly is an impact of the professionals and experts spending some time with the students.

Vidya Poshak profusely thanks Supraja Foundation and other donors for its support in transforming lives and uplifting the families economically through education.

**iv. Feedback from Stakeholders:**

*Before the 1<sup>st</sup> camp I was very shy. I was very hesitant to talk with others. But from the camps I came to know that my knowledge will improve when I talk with others. So now I talk with others. I learnt a lot from the three camps I attended. Now I also work as student volunteer for camps. Thanks to donors and VP.*

**- Gopal Hasilkar , A Student, Attended RBC conducted at Bagalkot**

*I was afraid to attend the camp earlier. But now I feel very happy for attending the camp. Now I confidently speak English. Earlier I was unable to manage my emotions but now I can manage my emotions. I have improved a lot because of the camp. I am very thankful to Vidya Poshak for giving this opportunity.*

## 8. Vidya Poshak's Graduate Finishing School/s

*An Answer to Unemployment...*

A unique Social Initiative to enable disadvantaged and meritorious Graduate Youths through skill training leading to 100% employment.

### a. Idea:

A student who works for 10+ hours a day happily and without a break for 90 days, not only breaks from the old habits which were hindrances for getting employment but also sustain the newly acquired employable skills from 91<sup>st</sup> day and onwards. Thus, it is a proven model which has provided 100% placements to more than 1000 graduates in the last 5 years.

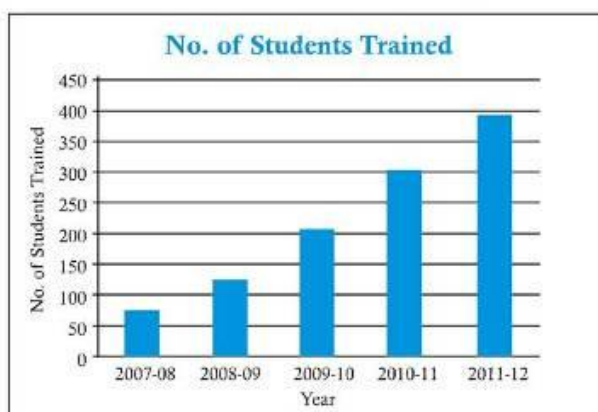

### b. Significant steps in the Implementation of the Idea:

- **Target group of students:** Graduates of the present year and a previous year are admitted into the program. Preference is given to economically challenged and students who have studied upto the 10<sup>th</sup> std in vernacular medium.
- **The GFS curriculum and delivery** has many innovations. It is completely based on highly interactive classes, field visits, seminars, workshops from industry experts and activities. The curriculum is periodically updated as per the requirements of the job market. Students undergo rigorous practice on computer and internet and work for 10 hrs a day in the school. The school is now ready with a replicable model of curriculum.
- **100% Placement Record:** Strives for 100% job placement and till date it has become successful for in creating the livelihood for more than 1000 graduates.
- **To address scale and sustainability:** The new schools are set up to cater to the regional requirements and the capacity of the existing training centres is also enhanced. GFS at Dharwad (estd 2007) has been successful in becoming a self sustainable center.
- **Reach:** Joining Graduate Finishing School has become a great aspiration of youth who have dreams of a successful career. Thousands of students appear for the simple entrance tests which are held in every district. Hundreds of students walk-in daily to seek details about admissions.

### c. Impact seen as on date:

The initiative has provided 100% jobs after the training thus making them to come out of poverty forever.

- As a result of the GFS intervention leading to employment, there is a paradigm shift in the family's approach to educating the younger children and improvement in the standard of living.
- For these graduates economic prosperity has brought decision making abilities and participation in the family and at work place.

Career awareness program was also conducted in the beginning where the Industry experts from different companies addressed the students and interacted with the students with various career related issues. In the evening Dr. MSS Prabhu Trustee, SDF, Bangalore distributed the certificates to the students.

**Placement Highlights**

- Many companies are showing keen interest in recruiting GFS students as they are hard working, energetic and eager to learn new things.

- Companies of great repute like First American, Bimal Maruti, First Source, Aditya Birla have conducted the campus recruitment in GFS premises at Dharwad, Gulbarga and Mysore.

#### d. New School at Shimoga

- The fourth new GFS Center started in Shimoga from Aug 2011 in association with National Education Society, which runs chain of educational institutions.
- Till March 2012, two batches of training has been completed with 100 % placement

#### e. Future Plans

- To train at least 30% more number of students in the existing schools utilizing the available resources.
- To integrate the success of GFS into formal higher education system for non professional courses, i.e. to add some components of GFS in the curriculum at the degree level and partner with a few colleges.

#### f. A Success Story

**Student Name** : Devaraj Bhushannavar  
**Degree** : B.Com, Percentage: 75%  
**Company Placed** : JP Morgan, Mumbai  
**Net Salary p. m. at the time of appointment:** 13,500/-;

#### Family situation as during admission:

"Devaraj's father works as salesman in a cloth shop and earns Rs 2000/- p.m. Mother is a house maid and earns Rs 800/- p.m. His younger sister is studying in 10<sup>th</sup> standard. The family resides in their own house with 3 rooms, mud floor and mud roof. Devaraj needs a job."

#### Feedback of the Student:

*"The course has helped me learn a lot about skill sets and I am happily working in Mumbai. I thank all the staff members for giving a great career to my professional life. I have been a very good performer in the company and won awards for my achievements"*

#### g. Feedback from the recruiters

*"GFS students are extremely talented and very suitable for the jobs in service industry. They (students) stand at a different level when they are compared to the untrained students."*

**-Northern Trust, Bangalore**

*"All the students who were recruited by us previously (since 2008) have been successfully working in our company. Looking at the present batch of students, we notice that there is a significant evolution in the training methodology. The students are hardworking, skillful and with a passion to succeed in life."*

**-JP Morgan, Bangalore**

## 9. Center for Development of Soft Skills (C-DOSS)

C-DOSS is a non-profit Soft Skills training wing of Vidya Poshak. The success of Vidya Poshak's different training initiatives like Project Genesis, English Language Improvement program (ELIP) and Empowering Colleges Program encouraged Vidya Poshak to launch C-DOSS in 2008. Since its inception C-DOSS has trained thousands of students, teachers, employees and parents. C-DOSS training programs are highly appreciated for their uniqueness in content and delivery.

### a. Process:

Training programs conducted during the year 2011-12 can be grouped in to three major categories.

**Social Enterprise Model:** Meant to cater to the needs of institutions and organizations who can afford to cover the training costs.

**In-house Training Model:** This model caters to the needs of in-house training programs like Staff training, Residential Bridge Camp and Graduate Finishing School. The aim is to enhance the confidence level of students and increase the awareness about different career opportunities.

**Social Model:** Social model caters to the requirements of deprived groups. The objective is to support the likeminded organizations in their effort to empower student community. Some of the organizations were

**d. Conclusion**

C-DOSS has become not only a self sustainable venture but also a self sustainable model in Vidya Poshak in the last four years. In these four years C-DOSS has **trained 60000+** people and worked with more than **250 institutions**. These training programs have brought change in the life of many students, teachers, parents and employees. Many educational institutes are seeking the assistance of C-DOSS in providing quality training to their students and teachers.

## 10. School Leadership Development Program (SLDP)

- A new initiative

School Leadership Development Program (SLDP) is an initiative, focusing on empowering the school Head Masters towards facilitating quality education to each and every child attending Government Primary Schools in the state of Karnataka. It is universally accepted that the primary education becomes very important in building strong and contributory members of the society. The main objective of the SLDP is to enhance the competency of the school head masters whose role is vital in the process of school development.

In the process of school development the decisions the school leader takes, the projects and processes they envisage, their ability to learn, motivate and coordinate with the other members of the school team, mainly the other teachers, becomes very crucial. This enables the implementation of the objectives of the National Curriculum Framework 2005. Thus, this not only promotes development of effective school leadership, but also would generate child centered environment, learner friendly ambience, creativity and innovativeness, quality education and collaborative learning experience as well.

SLDP program has been conceived under the joint auspices of Azim Premji Foundation and Government of Karnataka. Five Regional Resource Institutes (RRI) have been identified for effective implementation of this project all over Karnataka. Vidya Poshak is one among these five RRIs with the jurisdiction of education districts of Dharwad, Belgaum and Chikkodi. The preparatory work has been underway since May 2011.

Similar project on SLDP is undertaken in the districts of Koppal , Raichur , Bellary, Bijapur , Bagalkot, and Gadag in collaboration with Policy Planning Unit, GoK Bangalore.

## **11. Resource Mobilization**

Any help small or big makes a difference and will contribute to continue the education of bright but financially challenged students. "Thank you and please continue to support" is what people are saying about Vidya Poshak.

In 2011-12 Vidya Poshak successfully mobilized Rs.92.3 Lakhs from new sources with team of 4 people, among them one is in Bangalore. Two years of work in Bangalore has created a platform for getting more steady revenues for the organization.

A couple of new organizations and associations started supporting Nurture Merit Program at Bangalore as well as in other districts. The organization made a head way in reaching out to CSRs (Corporate Social Responsibility) of different companies in Bangalore. This helped Vidya Poshak to get support of Rs 29 Lakhs from CSRs for a period of 3 years. Thanks to Mphasis and Electronic City Industries Association Trust (ELICIA) for supporting us in Nurture Merit Project. We thank Sir Ratan Tata Trust(SRTT), Mumbai for supporting yearly 30 engineering students.

Year 2011-12 was really a very difficult year for RM team with all the new experiments and trails for fund raising. Around 20% of the funds are contributed by Individuals from the local area. This demonstrates the effect of the program reaching out to all the districts where in Vidya Poshak works.

We thank Mr. Ravichandar, our advisor and chief mentor for many of the referrals, which helped promote Vidya Poshak work in Bangalore. Vidya Poshak continues to work with all its existing foundations and has added a couple more for the current year.

Caterpillar Foundation through Give 2 Asia funding is continued for 50 engineering students. Similarly F1 foundation (Mphasis) is also continued funding for 50 students for UG (Under Graduate) course along with giving books and training through Residential Bridge Camps. Electronic City Industrial Association Trust (ELCIA), Bangalore which is a new donor supported 20 11<sup>th</sup> standard students in Bangalore along with library and training facilities.

The Prerana trust- Infosys DC Mangalore sponsored funding for 122 students from North Karnataka apart from continuing support to all Mangalore and Udupi students.

Supraja Foundation is the largest donor organization for the year 2011-12. We thank the trustees for the same. Presently Vidya Poshak works with 1,856 scholars through Supraja. Infosys Foundation continued to support Nurture Merit Program. We thank SRTT for supporting yearly 30 meritorious Engineering Students to the extent of 6.00 Lakhs.

Vidya Poshak received significantly increased contribution from Microsoft through Charity Aid Foundation (CAF) India. Microsoft was really impressed by Vidya Poshak's work after watching our students performance at Microsoft's "Giving Campaign".

We are extremely happy to share that more than 90% of our existing donors continue to support in the current year.

Vidya Poshak Community (VPC) is also participating in spreading our mission. Around 70 of VPC members attended the VPC meet at Bangalore and assured their support. During 2011-12 Rs. 5 Lakhs was donated by 51 VPC members.

<b>National Education Society, Shimoga.</b>	NES partnered in establishing Graduate Finishing School in Shimoga.

#### 14. Volunteers and their contribution

Since inception, our esteemed volunteers have been the backbone of Vidya Poshak mission. This year too through their selfless and dedicated services contributed significantly to the organization. They adopted to the new method of selection and documenting. All the volunteers put lot of labour and money to visit dozens of student homes to assess the need. The existing volunteers also introduced many new volunteers. Significant contribution of the volunteers came through the following programs.

##### **Financial assistance**

This year entire process of - selecting the students, organizing financial assistance disbursement and orientation programs, periodic monitoring, progress review, student-donor communication etc was taken care of by the volunteers. During the year nearly 5300 applications were received by listed facilitators. All together they visited nearly 700 houses.

##### **Residential Bridge Camps:**

Volunteers also played a vital role in Residential Bridge Camps. They involved in identifying venue free of cost, identifying and connecting local resource persons, mobilizing local resources etc. Out of the 20 camps conducted, 15 were driven by the efforts of our esteemed volunteers which shows the strength and commitment of volunteers to Vidya Poshak programs!

##### **Library Services:**

The volunteering included services like distribution of books, computer training, providing career guidance and mobilizing resources for books etc., Forty volunteers are selflessly involved in this mission. More than 60 volunteers are managing book bank centers at their residence/office at zero cost. This year they have distributed around 15,000 books to 3,300+ students.

##### **Graduate Finishing School:**

This year one of our flagship programs, Graduate Finishing School has achieved a milestone of successfully training and placing 1000+ students! To make this happen, the contribution of volunteers is note worthy. They involved themselves in endorsing the program in the colleges of their locality, conducting screening tests and providing necessary support to the students to get into GFS.

**Vidya Poshak thanks all the volunteers for their valuable contribution to Vidya Poshak**

### 15. Sample Feedback from a alumni and a Volunteer :

*"As there is a famous Arabian Proverb "If you have much, give of your wealth; if you have little, give of your heart", Vidya Poshak is a combination of this. The first part is donors and second is volunteers who are running this organization. All members of Vidya Poshak – Library and Offices are so kind that I really felt family atmosphere."*

**-Navcen Kamkr**, Associate Software Engineer Accenture India, Bangalore

*"I am extremely happy to be a volunteer of Vidya Poshak and feeling that I am given an opportunity to do a little help to our poor but meritorious students in bringing to light the talent hidden in them. I am, therefore, thankful to Vidya Poshak. No doubt the students of the organization will come out successfully to serve our nation."*

**-Mr.S.D. Balajirao**, English Trainer and Volunteer , Byadgi, Dist. Haveri.

### **17. Vidya Poshak's Management Information System (MIS) during -2011-12**

Vidya Poshak believes in Green Technology. Efforts have been made through last three years to reduce the communication through 'paper'. Lot of development and usage of focused customized technology solutions initiated in the year 2011-12:

- Using software for donor's data base.
- Created separate blog for each overseas donor and shared the student related information.
- As suggested by donors and volunteers MIS team is working on to develop online applications for the post 10<sup>th</sup> grade students.
- Software is also being developed for student's data base.
- All most all the communications to students and other stake holders is done through electronic media(SMS/E-mail)

Vidya Poshak thanks the volunteers from Bangalore Mr.Prashant Kerur , Mr.Arijait De and "Distinct Notion" Bangalore, for their technological support.

Understanding the importance of maintaining the standard account process, the Tally 9.00ERP software was procured for all the branches, which has the centralized consolidation facility.
