Nurture Merit Program

Vidya Poshak's mission and one of the major objectives is financial and academic support to meritorious students who are unable to continue their higher education due to economic difficulties.

With daily rounds support we have extended our support to 166 students with a financial aid of INR 22,60,000. There were 64 students in Class-12 and out of which 63 students cleared the exams with an average score of 84%. One student could not write the exam due to health problem. The remaining 102 students are studying in the degree courses and their semester results are expected in the month of August 2022.

Nurture Merit Excel

Nurture Merit Excel is a well-designed, structured and focused program to support bright students coming from economically challenged families for their Professional Education to complete their Engineering or Medical course leading to a meaningful employment. The program has the following integrated services.

Financial Scholarship: This will cover their entire college fees for four or five years of their course, along with additional amount for books and other equipment's.

Digital Services & Mentoring: Students will be connected with mentors to get required guidance and also various digital services for skill development will be provided to the students.

With the support of Neuroglia Health Private Limited (Dailyrounds) FY-21-22, 59 students were supported with tune of INR 177 lakh for their entire Engineering and Medical courses. We thank Neuroglia Health Private Limited (Dailyrounds) for supporting 59 professional students for their entire professional course. Your support helps to further our mission through Nurture Merit Excel program.

Career Connect Training

The unique design of the program bridges the gap between academic training and industry requirement, & also facilitates the holistic development of skills and attitudes in students. The goal of the curriculum is to build confidence in students such that they have requisite knowledge, skills and mindset to start a career in the corporate or government sector.

Overall, 30 students were trained and out of which 27 students started their career and working. They are now supporting their families and independent.

Laptop Support Program Activity

Covid-19 Pandemic has created many challenges for the student community. Many students from rural villages who were economically challenged had challenges in accessing the online classes. Vidya Poshak with support of Dailyrounds has provided 85 laptops to meritorious economically challenged students.

The students are making better use of the laptops and have thanked Dailyrounds team for providing the timely support

Yuva Fellowship Program

We have 5 second year fellows who are teaching 478 students and 4 first year fellows who are going to teach approximately 350 students. In June, a one-month training institute has taken place to give the right set of Knowledge, skill and mindset to the fellows to teach in schools. In training we covered four major parts- Induction to the sector and organization, Culture and relationship building with stakeholders, Content and Pedagogy.

In May 2021 as part of Yuva fellowship we conducted summer camp for school students and we are happy to share that Vidya Poshak Yuva Fellows helped Rural students of 10 standard as summer tuition class. While learning Science and Mathematics students are gaining confidence and focusing on their dreams.

Vidya Poshak in partnership with Slam Out Loud organized Artivism for Nature for students. Students understand their personal connection and dependence on nature. They explore what it means to be Nature Positive and design a creative image of a tree as a demonstration of their commitment to being Nature Positive. Our kids are now confident enough to practice their goals. Last month we had a showcase of our activities and our kids performed Skits and poems in Kurubagatti school.

Our second-year fellows are working on different Community Development Projects as per community need. They have prepared a detailed plan for the 6 months project and started working on that.

Counselling program

Updates for the 1st Quarter

- As personal counseling is given both online and offline there are 19 Students who are under regular counseling process.
- Out of 19, offline counseling is taken by 7 students and the rest of the students are utilizing online mode of counseling.
- Few initially have started with offline counseling facilities and gradually shifted to online depending on their preferences.
- There are 5 Vidya Poshak students who are under counseling process and the rest 14 students are non-Vidya Poshak.
- Depending on the severity of the issues discussed in the counseling, frequency of the sessions were decided and also whether to involve the parents.
- Three Students have completed their counseling process and their follow up sessions are going on.

Payana Program

We have met all the girl students supported through the Payana Scholarship Program in the month of June. Their renewal process is started and the support for them will be provided in the month of August 2022

Thank You for supporting our mission

Vidya Poshak®

Poverty is not a barrier for education
